

Science Communication Workshop

- University of Nottingham
- Wednesday 13th September
- Timing - at the end of the joint BSPP / BMS meeting Fungal Control & Exploitation (estimated 3-6pm)
- Practical workshop with a focus on fungi and plant disease
- Pizza provided at the close of event
- Limited number of places, please book in advance by emailing outreach@bspp.org.uk

Reflecting the strong commitment of both societies to engaging non-specialist audiences in our science this joint workshop is offered to help researchers feel more confident delivering public engagement activities.

The workshop will be delivered by 2 experienced science communicators, Prof. Kay Yeoman (BMS) and Dr. Phil Smith (BSPP).
